Subject: SELC et al., Scoping Comments on Proposed EIS for TVA Cumberland CCR Management

Dear Ms. Pilakowski:

Please find attached the comments of the Southern Environmental Law Center, Environmental Integrity Project, Southern Alliance for Clean Energy, Sierra Club Beyond Coal Campaign, Tennessee Clean Water Network, and Tennessee Chapter Sierra Club on TVA's notice of intent to prepare an environmental impact statement for coal combustion residual management at the Cumberland Fossil Plant in Cumberland City, Tennessee.

Attachments to our comments, including (1) three previous sets of comments explaining the inadequacies of the programmatic EIS to which TVA proposes to tier its analysis; (2) a 60-day notice of intent to sue for violations of the Clean Water Act at the Cumberland Fossil Plant sent to TVA by the Southern Environmental Law Center on behalf of the Sierra Club in January 2016; and (3) a letter from EPA Region 4 explaining that TVA must comply with the federal Coal Ash Rule and state law, are available at the following link:
